

AdvantageLife

THE COMPENSATION PLAN

EARN YOUR WAY

Your effort. Your income. 100% yours.

STEP ONE

Two ways to join. Both unlock everything.

Membership is where it starts — pick the cadence that suits you; either one opens the whole platform.

ANNUAL

\$50/year

Unlocks every tool for a year. Renew to keep going.

LIFETIME

\$100once

Pay once. Yours for life — no renewals, ever.

BEST VALUE

Either way, everything unlocks

Both memberships open the full platform — the AI marketing toolkit, Watch-to-Earn, and the ability to advertise and earn — and both build your place in the referral tree. The only difference is how you pay: once, or each year.

Your join goes to the **platform** — annual or lifetime, your sponsor earns nothing on it. Income comes only from campaign pack sales. → Next: choose a pack.

THE PRODUCT

Nine campaign packs.

Real advertising — \$10 to \$1,000, sold member-to-member. The price **is** the 100% commission that passes up your team.

\$10	Launchpad 1,000 views · 2 video ads	\$10 A SALE PAYS YOU
\$20	Starter 2,000 views · 2 video ads	\$20 A SALE PAYS YOU
\$50	Builder 4,000 views · 2 video ads	\$50 A SALE PAYS YOU
\$100	Pro 8,000 views · 4 video ads	\$100 A SALE PAYS YOU
\$200	Advanced 15,000 views · 4 video ads	\$200 A SALE PAYS YOU
\$400	Premium 30,000 views · 4 video ads	\$400 A SALE PAYS YOU
\$600	Elite 50,000 views · 6 video ads	\$600 A SALE PAYS YOU
\$800	Master 80,000 views · 6 video ads	\$800 A SALE PAYS YOU
\$1,000	Champion 120,000 views · 6 video ads	\$1,000 A SALE PAYS YOU

100% of every pack price passes straight to a member — the platform takes nothing on packs.

What a pack does

Each pack runs your video ads to real members watching every day and delivers a set number of views before it's complete. Bigger packs run more ads at once (2, 4 or 6) and deliver more — a longer runway for your advertising.

ADVANTAGELIFE COMPENSATION PLAN · ADVANTAGELIFE.CLUB

The 3 / 6 / 9 Pass-Up.

Keep the many. Pass up a few. The fairest structure in the business — and what pays the people who help you grow.

Every pack sale you make, in order:

■ Yours to keep — 100% ■ Passes up to your first qualified upline

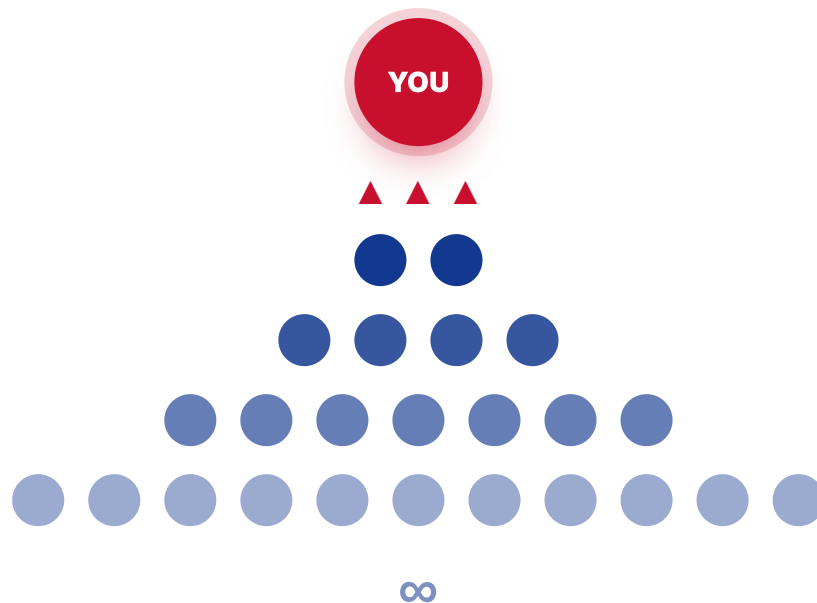

Just three pass-ups — in your **entire journey**.

You keep sales **1, 2, 4, 5, 7, 8** — and **every sale from 10 onward**. Only your **3rd, 6th and 9th** pass up. After that, it's 100% direct to you, forever.

Who receives a pass-up? The first member above you who's earned the right — they own that pack level (or higher) and they've done their daily watch. If nobody up the chain qualifies, it stays with the company.

Your Infinite Income Stream.

You pass up just three sales. But you **receive** them from your whole team — as deep as it grows.

every qualified member's 3rd · 6th · 9th flows up — with no depth limit

The math that changes everything

A sale ten, twenty, a hundred levels below you can still reach **you** — if you're the first qualified member above it. As your team grows and duplicates, those 3rd, 6th and 9th sales climb up to you. **There's no ceiling on how deep the stream runs.**

Honest note: the structure is unlimited in depth — but what you actually earn always depends on the effort you and your team put in. No income is promised or guaranteed.

Three simple gates.

Clear it, three ways, and a sale pays you. Miss one, and it simply passes up to the next member who's ready.

1

Own that pack level — or higher

Skin in the game. You earn on a sale at a given level only if you own that level or above. Own the \$1,000 pack and you're qualified on every level beneath it.

2

Be watch-qualified

Do your daily watch. It keeps you qualified to earn and to withdraw — with a 48-hour grace window so time zones never cost you a sale.

3

Have a payout method saved

So we know exactly where your money goes the moment a sale confirms. Set it once.

All three — and the sale is yours, 100%, paid member-to-member. Any one missing, and it climbs to the first member above you who's ready. Nothing is ever lost to those who show up.

Watch to Earn.

The daily habit that makes the whole thing real — and legitimate.

• WATCHING • EARNING

0:30

A few short watches a day — that's the whole habit

Real people. Real views. Your daily key.

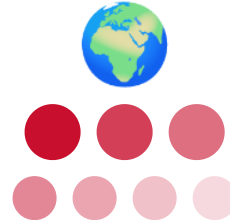

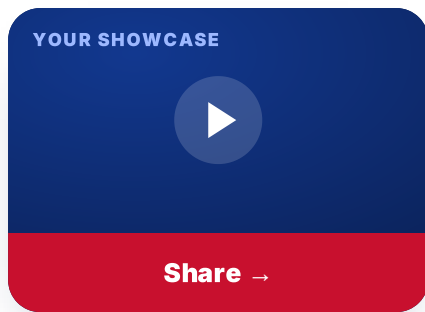

Every day, members watch a few short video ads — delivering **real views** to other members' campaigns. Real advertising, seen by real people. It's also your key: your daily watch keeps you qualified to **earn** and to **withdraw**. Bigger packs ask for a few more (1 up to 5), and a 48-hour grace window means a busy day never breaks your streak.

Watch → deliver real views → stay qualified → earn and withdraw. Simple, honest, and the same for everyone.

REACH FURTHER

Share your showcase.

Your ads don't just live inside the platform — share them, and the whole world can watch.

real people · outside the platform

Traffic from the real world

Every member gets a public showcase page — your video ads on display, with your own share link. Post it to your audience, your socials, anywhere — and real people from **outside** the platform watch your ads. That's genuine public reach, on top of the members watching every day.

Your weekly one-tap keep-alive

Share your showcase at least once a week (a rolling 7-day window) and your packs stay active and running. Miss it and they simply pause until you share again — one tap and you're back. It keeps every campaign current and honest.

Inside the platform and out in the world — both working for you. Share weekly, stay live, reach further.

THE SMART MOVE

A sale at any level you own pays you.

This is why members climb — the higher you own, the wider you earn.

OWN THE \$50

You earn on \$10, \$20 and \$50 sales.

OWN THE \$1,000

You earn on every level — all nine.

Own every level, earn on every sale

Owning a higher pack doesn't just run more of your ads — it widens the sales you're paid on. Own the top and a sale at **any** level in your team can pay you. That's why members build up the ladder.

You own every level — a sale at any level pays you.

THE BOTTOM LINE

Real products. Real advertising. Real work.

AdvantageLife pays 100% of every pack price to its members, tracks every real view, and never promises what it can't deliver. **No income is guaranteed** — what you earn is a reflection of the effort you and your team put in. That's the honest deal, and it's the only one worth having.

Your effort. Your income. 100% yours.
